Daly City Off To Good Start

NEWS OF OUR MEN and WOMEN IN UNIFORM

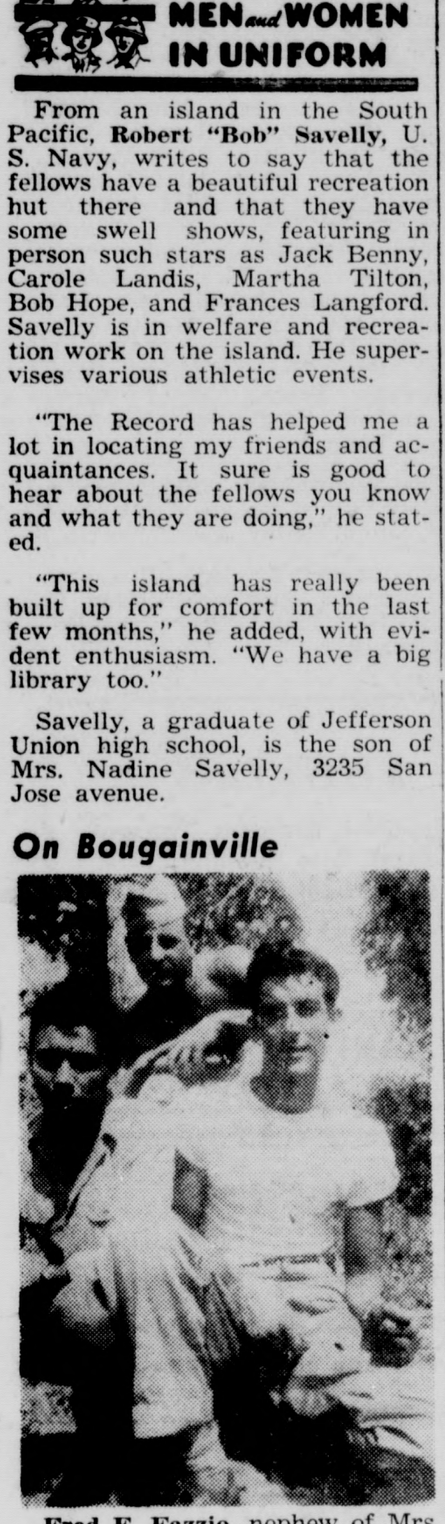
From an island in the South Pacific, **Robert "Bob" Savelly,** U. S. Navy, writes to say that the fellows have a beautiful recreation hut there and that they have some swell shows, featuring in person such stars as Jack Benny, Carole Landis, Martha Tilton, Bob Hope, and Frances Langford. Savelly is in welfare and recreation work on the island. He supervises various athletic events.

"The Record has helped me a lot in locating my friends and acquaintances. It sure is good to hear about the fellows you know and what they are doing," he stated.

"This island has really been built up for comfort in the last few months," he added, with evident enthusiasm. "We have a big library too."

Savelly, a graduate of Jefferson Union high school, is the son of Mrs. Nadine Savelly, 3235 San Jose avenue.

On Bougainville



Fred F. Fazzio, nephew of Mrs. Rose Lufrano, 307 Santa Barbara avenue, is shown in the picture above, (in the front at right) with a couple of his buddies of the Quartermaster corps serving on Bougainville. His pals are Al Torres, Arizona, and Mario Landini, San Francisco.

Fazzio, who is a graduate of Jefferson Union high school and Our Lady of Perpetual Help parochial school, has been overseas a year. He was recently awarded the Combat Star by the Service command for his participation in the battle of Bougainville.

Private **Philip Bernardi** leaves Daly City, November 24, after spending a few days with his family here. He will report to Fort Meade, Maryland. Formerly stationed at Fort Knox, Kentucky, he's with the armored division of the U. S. Army.

Bernardi's parents are Mr. and Mrs. John Bernardi, 333 Peoria street. His wife and two children, John and Philip jr., live at the same address. Before entering the services he was a teamster for Pacific Metal.

Private **Carlos L. Chester,** 18, son of Mrs. Carl Reinhart, 98 Acton street, Daly City, has been enrolled in the AAF Training Command's aircraft radio mechanics school at Truax field, Madison, Wisconsin, it was announced, this week, by the post commander.

He will take an extensive course in servicing radio equipment used on U. S. bombers and fighting planes and will be trained in defense against chemical warfare, aircraft identification, and related AAF subjects designed to fit him for combat duty.

In civilian life, Private Chester was employed by Army Ordnance in San Francisco.

Break In Twice

Twice, last week, the A. L. Stockton Lumber company was broken into and ransacked. Entry was gained by breaking a window in the rear door to the main office. On the first report, made November 15, six packages of Chesterfield cigarettes, two cig-

Eight Local Men Begin Service In Armed Forces

Eight Daly City and Colma men were among the group of fourteen registrants who reported for induction into the armed forces, Tuesday, November 14. Daly City Draft Board No. 103 announces that the Navy notified them of the acceptance of Louis Bacigalupi, 28 Los Olivos avenue; Herbert Stewart, 1052 Brunswick street; George Schenone, Colma; Carroll Reed, 6925 Mission street. The Army took Isabelo Lopez, Colma; Aldo Lanza, Colma; Elwin Hyder, 138 Santa Cruz avenue; Emanuele Damonte, Colma.

Eighteen men under the jurisdiction of the local board reported for pre-induction physical exams, Tuesday, November 21. On the same date, the mailing of 4-A classifications for men over 38 was begun.

Mrs. Isabelle Flynn, chief clerk, reports that the inventory of men under 38 has now been completed and all records checked with the reports on file at Sacramento.

Red Cross Needs More Blood Donors

When you get to thinking about it, we at home are living in such ease, comfort and security that we'd hardly like to answer a wounded lad in a base hospital on Leyte, Saipan, Guam, or New Guinea if he asked, "What have you been doing to win the war?" We'd feel a little lame and there wouldn't be much to say.

There is a direct way, though for home-front civilians to help. They can donate their blood. Flown to the fighting fronts as either whole blood or plasma it will be instrumental in saving lives of men wounded in action.

The San Mateo County Red Cross Blood Donor service is currently conducting an accelerated campaign to meet increased quotas from Army and Navy. In Daly City, Mrs. Ruth Morris is in charge of the registration of donors. Appointments may be made by calling her at DElaware 6435. A mobile unit from the Red Cross will pick up Daly City donors at McGraw's pharmacy, 6300 Mission street, either Saturday, December 9, or Thursday, December 14, and transport them to and from Julia Beyland hall, San Mateo. The process is painless and perfectly harmless for a healthy person.

On both of the days when transportation will be provided for donors there are two different hours for leaving. Residents may go at 9 a. m. or 12:40 p. m., whichever is more convenient. Mrs. Morris pointed out that if a house-

Who'll Win Plaque Thanksgiving Day?

Only public event on the schedule for Thanksgiving in Daly City is the annual Turkey Day football game between Jefferson Union high school and South San Francisco. The contest will be played at Daly City, this year, and a large turnout is expected to be on hand for the 10 a. m. kickoff. Winning team will be awarded the coveted plaque for the coming year. South San Francisco has it now.

Friday, November 17, the Jeff team, coached by Marion Hall, defeated Mountain View 13 to 0, a win which gave Jefferson rooters added confidence for today's clash with South City. The student cheering section will have the support of Jeff's band and yell leaders.

Parochial and public school students of the community have a 2-day holiday from classes, November 23 and 24. Stores, the bank, post office, and city hall offices, with the exception of the police department, are closed for Thanksgiving Day. The Daly City Record's Shopping News was distributed, Tuesday, November 21, rather than on its usual Friday date.

Trustees Purchase Lot On Miriam Street

Final arrangements for the purchase of 3,600 square feet of additional space for the site of the Woodrow Wilson schools was made at the monthly meeting of the Jefferson District Board of Trustees, Thursday evening, November 16, in the administration building, 344 Santa Barbara avenue. The lot, known as the Goldkuhl property, is on Miriam street adjoining the school at the north.

The board will soon call for bids to dispose of the building now standing on the property.

George Augustien, chairman, presided at Thursday night's meeting. Next session of the board will be held, Thursday night, December 28, at the administration building.

Better Business Bureau Head Addresses Lions

Mrs. Muriel Tsvetkoff, manager of the San Francisco Better Business Bureau, was guest speaker at the luncheon meeting of the Daly City-Colma Lions club, Wednesday, November 22. She explained the duties and objectives of the organization, during the noon meeting at Estrada's Spanish Kitchen.

Next Wednesday, November 29, Roy J. Cloud, executive secretary of the California Teachers association, will address the club's membership.

Tickets have gone on sale for a gala New Year's party which the Lions will hold at Estrada's. Advance reservations must be made for this party.

The Lions club reports four new members. They are Thomas Tromborg, Theodore Hopman, Ernest Brooks, and Art Kloth.

Teen-Agers To Have Friday Night Dance

Friday night, November 24, the high school crowd will return to the Daly City Teen-Age club, Oliver street and Bellevue avenue, for an evening of dancing and fun. Last Friday evening, November 17, seventh and eighth graders had the center for their exclusive use.

A committee of young people has been working with Mrs. Anne Eason and Mrs. Maisie Boyle, Daly City Recreation committee members, to make a success of the new teen-age center opened, Hallowe'en night, at No. 5 firehouse. There's a dance every Friday night, with one night during each month reserved for those in the seventh and eighth grades. Hours are 7 to 10 p. m.

Committee includes Ed Boyle, chairman; Jack Farmar, secretary-treasurer; Anna Mae McDermott, Rose Greenough, Benny Greenough, Bonnie McHugh, Hel-

Girl Scout Leaders Hold Conference

Formation of new troops and acquisition of additional meeting quarters will be discussed at the Monday night, November 27, meeting of the Girl Scout Leaders association. Mrs. Muriele Pabst, president, will call the meeting to order at 8 p. m. in the home of Mrs. Ada Schultheis, 340 Hillside boulevard.

All Girl Scouts and Brownies of the community have cooperated to provide a generously packed with good things to eat, Thanksgiving basket, for a needy local family.

Sixth War Loan Goal Is $148,392

Daly City, under the direction of War Finance Chairman Walter J. Lehigh, went to work with enthusiasm and determination in the opening week of the Sixth War Loan drive to meet its $148,392 quota. Since each community is being given credit for bonds sold between November 1 and 18, the chairman checked with the Daly City branch, Bank of America, and the Daly City post office to find that $17,306.25 is available as a starter in the campaign.

Calls on stores and business houses were begun as early as opening day of the drive, November 20. Mrs. W. J. Lehigh, in charge of this phase of the campaign, is being assisted by: Mrs. Cecelia Hale to contact all Mission street firms; Mrs. Elsie Hesselein and Mrs. Hilda Heagney in the Vista Grande area; Mrs. Ruth Morris and Mrs. Olga Bordson, the Crocker area.

All this week, Girl Scouts and Brownies of the community are staffing the War Bond booth at the Daly City theatre. Next week Old Glory Post and Auxiliary No. 2044, V. F. W., will be in charge through December 2.

In calling for complete community cooperation, Lehigh pointed out that the slogan and spirit of this drive is, "Let's finish the job." He explained that the Sixth War Loan drive finds this global war in its most crucial and challenging stage. Europe has not yet collapsed. But even when Germany is knocked out of the war, only half of the all-out global war will have been won. The fight against the Jap, a brutal and relentless foe, must be pressed to a quick and successful conclusion.

"This will mean far heavier expenditures than we have faced before — greater transportation costs, more equipment, more men to feed and maintain—far vaster operations. For one thing, because of greater distance, the same amount of freight costs 25 per cent more when shipped to the South Pacific than to Europe. Every other phase of operations involves similarly increased costs — and more.

"We must finish the job. To do that Uncle Sam needs YOUR money. He's not keeping it. He's only borrowing it—at interest. That's what YOU'RE asked to do —YOUR part beside that of our valiant fighting men who are GIVING life and limb. Let's go for the knockout blow," Lehigh concluded.

Bulk of Daly City's quota must be met in "people's" or E bonds which places the really big load on individual purchasers. The Treasury department has asked that $130,930 of this community's quota be in E bonds.

There are three handy locations where local residents may secure

CHRISTMAS SEALS TO FINANCE X-RAY UNIT

Chief incentive of the annual Christmas Seal Sale in San Mateo county this year is the financing of a mobile X-ray unit for the finding of early tuberculosis. The San Mateo County Tuberculosis and Health Association used the truck shown above to conduct a number of surveys last summer and has ordered a similar model. The unit houses equipment for the taking and developing of four by five-inch chest X-ray films and dressing rooms for men and women. Seen in front of the truck are Charles A. Ginnever and Paul Bradner, leaders in San Mateo County American Legion activities and Pauline Merino Rose, P.H.N., San Mateo elementary school nurse. The Legion is interested in the program of the Tuberculosis Association, particularly as it pertains to tuberculous World War II veterans; local and county school systems, in plans for chest X-raying of pupils.

Colma District

Colma district swung into action to meet its $82,440 quota for the Sixth War Loan drive, Monday of this week. Mrs. M. Pauline Brown, war finance chairman; John Ferrari, chairman for the current drive, and Mattrup Jensen, chairman for the Town of Colma, have completed plans for the campaign.

Residents of the area will be able to see just how the drive is going when George Lagomarsino installs the bond sales thermometer in the front window of Anchor Drug store, Mission and Market streets, the latter part of this week. Of the grand total assigned to the community by the Treasury department, $58,720 is to be in E bonds, the series particularly designed for the individual purchaser.

A sales table awaits customers at the Colma branch, Bank of America, week day afternoons and Saturday mornings. This week, it is being staffed by Mrs. Eda Giusti, Mrs. Alma Garibaldi, Miss Caroline Migliore, and Mrs. Brown.

'Roaring '20's' For Background

Reaching back into colorful post-World War I's "roaring '20's" for its plot and musical setting, "Greenwich Village," 20th Century-Fox's newest Technicolor excursion into another exciting period of America's past, opens November 23 at the Daly City theatre.

With Carmen Miranda, Don Ameche, William Bendix and Vivian Blaine, "The Cherry Blonde," involved in its tuneful story, "Greenwich Village" rolls back twenty years to the riotous hey-day of America's world-famous artists' colony.

In "Greenwich Village," Don Ameche, most recently seen in "Heaven Can Wait" and "Happy Land," essays another intrjguing role as a young composer who came out of Kansas to win a reputation in the Arabian Nights atmosphere of Greenwich Village.

Opposite Don is a new musical "discovery" whom 20th Century-Fox has slated for musical stardom — red-headed Vivian Blaine. The "Cherry Blonde" makes her leading-lady bow as Ameche's romantic interest and sings three new hit songs in her introductory role which preview critics are betting will send her far along the path cut out by Betty Grable and Alice Faye.

"Greenwich Village" provides Carmen Miranda with her first role since "The Gang's All Here," and her subsequent critical illness.

OPENING AT DALY CITY THEATRE

Bendix burns while Ameche fiddles! Vivfian Blaine, "The Cherry Blonde," is the object of Don's attention in "Greenwich Village," 20th Century-Fox's Technicolor Mardi Gras of songs and laughs which opens November 23 at the Daly City theatre. Carmen Miranda is also starred in the hit musical directed by Walter Lang and produced by William Le Baron.

Mail Early!

Shortage of manpower, unprecedented volumes of mail, and wartime demands upon transportation facilities were given as reasons for the request that all gifts intended for delivery in other cities by Christmas be mailed before December 1. The Daly City post office joins with the Office of Defense Transportation and the United States Post Office department in asking the cooperation of local residents to get Christmas packages in the mail early.

It was pointed out that if civilians will mail gift packages early it will help to keep the path clear for vital war cargoes moving to ports for shipment overseas.

Hours at the local post office, 6251 Mission street, are 8 a. m. to 6 p. m. week days and 8 a. m. to 1 p. m., Saturdays.

their bonds—the booth at the Daly City theatre, the Daly City post office, 6251 Mission street, or the Daly City branch, Bank of America. Arrangements for a house-to-house canvass may be made later, but no one need wait for someone to call on him, it was pointed out.

The local bond committee makes the suggestion that War Bonds are ideal, patriotic Christmas gifts.

Are you entitled to wear a "target" lapel button? You are if you are investing at least ten percent of your income in War Bonds every pay day. It's your badge of patriotism.

BONDS FOR VICTORY

Neither the armchair generals among us nor the military men whose business is war can tell at just what point on which day the battles in Europe and the Pacific will end. Conceivably, the Germans could capitulate before this editorial goes to press, or the Japs could come out in the open with peace feelers.

But until the day arrives when our troops are back on home soil again, their days and nights of horror and blood-shed behind them, we have duties to perform fully as important, if not as dangerous, as theirs. Until then we must continue to put into the hands of our fighting men the tools that Goering today is telling the German people mark the "sole reason our iron-willed forces are being pushed back."

The Sixth War Loan drive, launched Monday, November 20, will furnish funds for the needed weapons, the ships and planes, the ammunition, transportation, food and supplies in stupendous quantity to speed the war to victorious conclusion. War bonds are receipts for interest-bearing loans—not gifts. But if they did represent outright contributions to the war effort, the money would be well spent indeed. From General Dwight Eisenhower himself comes this appeal:

"The fighting man still faces a grim task and he urgently needs your help. War funds must be raised and our men on all fronts depend on you. On behalf of your sons, brothers, husbands and friends in the great war theaters, I request that you do your part to see that the Sixth War Loan drive is vastly oversubscribed."

No plea could be more eloquent than that. The Allied supreme commander speaks for our own loved ones on the fighting fronts, and the appeal must reach our purses as well as our hearts.

NO INCOME TAX RELIEF

The hopes that individual income taxes, as well as those of corporations, might be reduced in the near future have been dashed. The "dashers" are none other than the two men who head the tax legislation committees in Congress—Senator George and Congressman Doughton.

It is now clear that even if Germany falls before the end of this year—which few expect to happen—taxes will not be cut before 1946 at the earliest. On the contrary, individuals and corporations will pay higher Social Security taxes next year unless Congress again postpones the increase. In 1945, the rate is scheduled to rise from 2 to 4 per cent, (divided equally between employee and employer).

While Federal tax relief fades farther into the future, there are disturbing evidences that on the local scenes in California, still more taxes are being imposed or considered. Some communities are doing this to raise funds to match State contributions allotted for the purpose of aiding the development of plans for local postwar projects.

Particularly disquieting is the fact that a number of these new taxes are of the "hidden" variety and are thrust exclusively on business concerns. This is certainly not the time for increased taxation. But if new assessments are introduced, they should at least be spread equally throughout the community and should be recognizable. They should automatically expire when the purpose for which they are imposed has been accomplished.

Both individuals and business concerns are willing to carry their share of the tax burden, but all are looking forward to the day when the pressure on the national pocketbook can be eased.

wife, who would like to donate blood, hesitates to sign up because she has no one with whom to leave a pre-school-age child, she may take the youngster along.

Last week, a special display of the apparatus used in the taking and processing of blood was placed in McGraw's window and a registration table maintained there. Serving at the table were Mrs. Mildred McGeein, Mrs. Allene Lehigh, Mrs. Vivian Pahlka, and Mrs. Morris.

Registrations did not meet expectations in the first week of the drive, Mrs. Morris said. She hopes the current week will see an upswing in donors from the Daly City area since the county Red Cross has asked so urgently for support from this community.

Deadline for registrations is Thursday, December 7, for those intending to go, Saturday, December 9, and Monday, December 11 for those wishing to make the trip, Thursday, December 14.

Men! Hook on to this top priority job!

Railroading . . . locomotives . . . flat cars . . . war trains rolling . . . action for active men—that's what this job is all about. That's why this job is no dull, cut-and-dried routine. That's why men with red blood take to it. And why you may want it. This is the job of Switchman with Southern Pacific—a job we train you for in a few days. Switching cars loaded with war materials . . . keeping 'em humping . . . working with an engine crew in the yards or terminals . . . working with real railroaders . . . helping America roll to victory. (And that's no flowery statement!) Fine wages: About $220 base, plus chance for overtime. Plenty of work . . . because S. P.'s biggest job begins when Germany is finished. A job with one of America's biggest companies. Here's your chance. Look into it! Men also wanted to train for Brakemen at similar pay.

"Let's Team Up To Keep Prices Down"

(Editor's note: this column is prepared for The Record's readers by the local OPA board and is printed by this newspaper for the convenience of both the public and the board.)

The GROCER - CONSUMER ANTI - INFLATION CAMPAIGN, which started in October and will run through November and December, is gaining momentum. In a release for the radio and newspapers of Monday afternoon, November 13, Governor Earl Warren said in part "California grocers are this week opening a campaign to better acquaint consumers with the need for strict observance of price control. The slogan of the campaign is "LET'S TEAM UP TO KEEP PRICES DOWN FOR THE SAKE OF AMERICA'S FUTURE." Radio programs, civic organizations, mayors, city councils, and county government agencies are backing the program with proclamations to support the campaign. Your local grocers are receiving display material through their grocer distributive agencies, hearing such statements as "Pledged to Keep Prices Down." "We charge only ceiling prices or less. We post ceiling price lists prominently. We welcome questions about our prices."

Small cards for posting near cash registers bear the following statement: "This store is pledged to keep prices down. We are heartily in accord with the necessity of preventing uncontrolled inflation during and following the war. All merchandise in this store is priced at the legal ceiling price or less. We post ceiling prices prominently in our store for the guidance of our customers. If, in spite of our utmost care, a mistake should occur, we will deem it a favor to have it brought to our attention so that it may be corrected immediately."

Other material emphasizing the statements quoted above will also be posted. You are urged as a merchant or a consumer to feel that you are part of the program. Help your dealer or your customers to take a cooperative and whole-hearted part in helping your country come through this war economically sound. Talk ceiling prices with your neighbors. Discuss ceiling prices with your grocers and your meat market men. Become familiar with the prices of the commodities you buy most frequently. Feel that it is just as much a part of your war effort to know ceiling prices as it is to regularly purchase war bonds, aid your Civilian Defense organizations, or do your Red Cross work.

Join in the "Grocer-Consumer Anti-Inflation Campaign!" start tomorrow to look at the ceiling price lists in your local stores. Question the merchant if there is anything you do not understand. He's a part of this campaign too, and will be glad to explain to you anything that you do not understand about his ceiling prices.

Now we know the part we played in the Philippine invasion

The news of the successful invasion of the Philippines stirred the nation. For it was an amazing achievement—landing great numbers of troops and enormous quantities of supplies thousands of miles across the Pacific.

It was a thrilling triumph for our Army, Navy and Merchant Marine.

We railroaders got a special thrill from the news too, not only because we are Americans but also because we know now that months ago the Philippine invasion started on the railroads. And many a railroader who, in recent months, has worked double shifts to keep the war freight rolling to Pacific Ports, knows that he, too, had a part in putting those men ashore on Leyte Island.

This mighty blow at Japan placed an especially large burden on the Western railroads. Serving a less populated territory, the Western lines normally do not have the density of traffic of the eastern trunk lines, and their trackage was designed accordingly. Yet the western roads, in spite of a manpower shortage, have handled their enormous war burden efficiently and on schedule. Theirs has been a real achievement too.

Since Southern Pacific is the largest Western railroad and serves the major ports of embarkation on the West Coast, a very large portion of the troops and war material destined for the Philippines moved over our rails.

From now on, more and more of America's might will roll West over the railroads for the final showdown with Japan. Southern Pacific's 100,000 railroaders know well how important it is to keep these war trains rolling. But they need help. They need the help of thousands of men and women for this job.

There's a job waiting for you in the supply line that backs up our men in the Pacific. If you want a good job with a company whose biggest job still lies ahead, please visit one of our employment offices, or see your nearest S.P. Agent today.

CHILD WELFARE DIRECTOR ADDRESSES DISTRICT

Seventeenth district, California Congress of Parents and Teachers, met in the little theater of San Mateo high school, Thursday, November 16, at 10 a. m. with Mrs. Faun Tuska, first vice-president, presiding. Mrs. H. P. Eder led the salute to the flag.

Corsages were presented to the officers by the San Mateo high school unit. W. T. Van Voris, superintendent of San Mateo Union High School district, welcomed the group and asked for further co-operation from parents with elective and appointive members of the educational system. Gratitude was expressed by Joseph Acheson, principal of San Mateo high school, to the P. T. A. for their many helpful deeds and suggestions.

District Director of Public Welfare Mrs. H. P. Eder introduced Henry C. Hall, county director of child welfare and district juvenile protection chairman. "The home is the cornerstone for the protection of youth. Inadequate parents are the main problem in dealing with potential delinquents," said Hall. The staff of the probation department has been increased 100 per cent but is not yet complete. Cooperation of parents is essential to the success of the varied enterprises carried on by the agencies working to aid youth. A psychological clinic and a home teaching service for spastic children are but two of the many agencies giving valuable help in developing the greatest potentialities in children. Big Brother Clubs, sponsored by the San Mateo and Burlingame Police departments are doing splendid work to prevent delinquency. Hall presented John S. Cowgill, chief probation officer of San Mateo county. His aim is to contact the children before there is need for correction.

"Baby born; date, November 1, weight, 73 members; name, Lincoln unit; place, Redwood City; forty-fifth child of Seventeenth district," was the announcement read by Mrs. Tuska.

A report on the meeting of the State Safety Council held in Oakland, October 28, was given by Mrs. Ida Hanley, Daly City, district safety chairman. Safety driver courses in the schools are advocated by the council.

Mrs. C. N. Underwood, director of Home Service, asked for questions for the meeting to be held, December 14 at the Burlingame high school little theater; registration at 9:45 a. m. and adjournment at 1 p. m. Questions should be sent to Mrs. B. D. Ralston, Route 1, Box 311, Redwood City.

San Mateo County Meets War Chest Quota; Chairman Praises Volunteers

Captain Lorne G. McAloney, executive secretary of the War Chest, announced today that a total of $220,206.46 had been secured, passing the goal of $215,000 by $5,206.46.

Judge Aylett R. Cotton, campaign chairman, is applauded by officers and members of the War Chest for the magnificent piece of work accomplished.

Cotton is joined by E. W. Cosgriff, president, and George J. Davis, chairman of the executive committee and David Simpson, chairman of the Campaign committee, in issuing the following statement:

"This means that in the trying year to come the San Mateo Blood Bank, the Girl Scouts, the Catholic Charities, Preventorium, Y. M. C. A., The Salvation Army and the Boy Scouts, can carry on a complete program of youth and welfare work. These are truly worthy organizations, each performing a needed service regardless of religion, race or color."

"To them will go a goodly part of your War Chest dollars. To the USO, United Seamen's Service, The War Prisoners Aid, and to many American relief agencies who are carrying on world wide social service, are also dedicated the dollars which our citizens so generously gave.

"Retail merchandising establishments and industrial plants set an exceptionally heavy quota this year. We express our thanks to them, to all who gave, to the volunteer chairmen and solicitors, but the real thanks comes from our youth, our aged, our ill, the distressed from devastated lands, from all who benefit from the local Community and War Chest."

"17 Babies this week—and he hasn't seen his own grandson!"

"TONIGHT the Doctor was hoping to finish early, so he could take a two-hour train trip and snatch a look at his new 4-day-old grandson. But no—the phone caught him again. So now he's off to deliver Mrs. Johnson!"

Doctors have always been 'round-the-clock men. But since Pearl Harbor, with half of our physicians in the armed forces, each civilian doctor is more in demand than ever. He is on call today to an average of 1700 people.

Your doctor's minutes may be lifesaving time . . . too precious to waste. Help him save time for people who need him urgently, for yourself in an emergency, by remembering these four helpful things when you are ill:

PHONE HIM FIRST. Tell him as clearly as you can what's wrong. Let him decide whether he should come to see you, or you should go to him.

GO TO HIM whenever you are able. House visits take lots of your doctor's time—time when someone else may really need him urgently.

KEEP YOUR APPOINTMENT promptly, don't postpone it; make it at his convenience, so that he can plan his crowded hours better.

FOLLOW YOUR DOCTOR'S ADVICE to the letter—so that your trouble doesn't drag on, get complicated, or need extra attention from him.

SAVE YOUR DOCTOR'S TIME IN WARTIME!

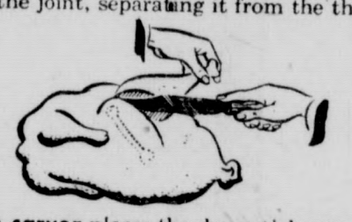
A New way to Carve

Will your holiday bird be carved with professional skill? There's a simple, modern way to do it just as adroitly as do the smart chefs. The drawings and instructions given below are taken from a book "How to Carve Meat, Game and Poultry", by M. O. Cullen of the National Live Stock and Meat Board. Suggestion: clip them for the use of the family carver!

After the turkey, roasting chicken, or other large fowl has been brought to the table on a platter, breast up and with the legs pointing to the right or left (depending on whether the carver is right or left-handed), the carver turns the turkey on its side *so the back is toward him.* Then he removes the drumstick by grasping the outer end and pulling gently while the knife cuts through the joint, separating it from the thigh.



Then the carver places the drumstick on a side plate, holding it upright, and slices its meat off, carving parallel with the bone. Next, he cuts thin slices from the thigh, continuing until the thigh bone itself is exposed. Then he loosens the meat on each side of the thigh bone with tip of his knife, and removes the bone with tines of fork. Remaining thigh meat is sliced off while still attached to the bird

Slicing breast meat with the grain, the carver takes lengthwise slices from the breast and wing until wing-to-body joint is exposed. Fork is established in wing, and wing is unjointed from body with knife. Thin lengthwise slices are removed until all white meat has been carved from this side of the bird. (All meat, of course, is placed on the side dish as it is cut.)

To get at the dressing, the thin skin under the thigh is slit with tip of the knife, making an opening large enough to allow entrance of serving spoon. "Getting at" the dressing is much simplified by this method.

Once half the turkey has been accounted for, in this manner—and provided the carver needs still more meat for a complete serving—the platter's position is reversed. The bird is turned over, to put the meaty side on top again. And the process is repeated. Simple? Of course!

WASTE PAPER

When salvage paper is collected, to avoid fire hazard, the Department of Agriculture recommends that it be stocked neatly and tied in bundles. Paper boxes should be flattened, then tied in tight bundles. A metal trunk or bin with a tight cover is the safest place to store paper. Next best is to stack paper bundles on a cement floor away from furnace, stove or hot pipes. Soiled or oily paper is useless for salvage and is also a fire hazard and should be destroyed.

book on the percussion, the string, the brass, and the woodwind instruments. They are making illustrations which will go in the book, along with a few paragraphs on the origin and tonal qualities of the instruments.

Room 8 has started its own library. Several children have brought their books from home so that others may enjoy the stories which have given them pleasure.

The sixth grade is learning how the Packet, Clipper and first steam ships played an important role in the development of American trade and transportation.

Room 12 saw a film on the "Magic of Modern Shoemaking" and were surprised and interested in the way machinery turns out modern shoes. All the processes involved in shoemaking were interestingly shown in the film.

Room 15 saw a very interesting sound film, "Golden Fleece," recently. The picture showed sheep raising in Australia.

AT JEFFERSON

Eighth graders of Jefferson elementary school gave a delightful contribution to the program of the Colma P. T. A. birthday party held in Jefferson annex, last Tuesday.

The children sang their group of 'The Gay Nineties songs.' Many of the P. T. A. members and their guests showed their appreciation by joining in the choruses. Mario Stanghellini introduced the class and announced the songs.

During last week's current events period in the sixth grade, two boys in the class gave very worth while contributions. Richard McCarver told about his recent visit to Texas. He described the Alamo; gave its historical background and told briefly, the story of the battle for the freedom of Texas.

Ralph Smyer, whose home was in Honolulu until World War II began, described Pearl Harbor and gave the children an excellent idea of vast expansion since it became one of the most important Navy bases in the world.

The fifth grade children made Thanksgiving favors for wounded servicemen this week. These favors were made of cardboard and represented gay little turkeys to which a little gift, such as a pencil or a package of razor blades will be attached. These holiday favors are being forwarded to the San Mateo Junior Red Cross for distribution to the wounded boys.

The primary grade classrooms are all gaily decorated for Thanksgiving Day. The usual motifs for pictures and frieze are proud strutting turkeys, big yellow pumpkins and Pilgrims, large and small.

The kindergarten children have been making pretty holiday fruit bowls and learning two Thanksgiving songs; one about the turkey and the other, a Thanksgiving prayer.

The second and third grades have an unusual frieze in their room. It is decorated with large golden-colored horns of plenty, over-flowing with luscious fruits drawn and colored by the children. Between the horns of plenty are beautifully colored autumn leaves, also made by the children.

This Month's STAR RECIPE

By BETTY BARCLAY

If this month's Star recipe isn't 'different," nothing is! It's a Scrapple! Not Philadelphia Scrapple but a vegetable scrapple that may be made in any home and that is becoming so popular. It is made from Victory Garden vegetables or even from left-over cooked vegetables — added to these vegetables is a little salt for seasoning and a cup of whole-grain cereal. The combination will delight your family and be nourishing.

Vegetable Scrapple

¼ cup finely diced celery
⅓ cup diced onions
½ cup diced carrots
2 tablespoons diced green pepper
1 teaspoon salt
3 cups boiling water
1 cup wheat-meal

Add vegetables and salt to boiling water and cook until vegetables are tender. Drain; measure liquid and add water to make 3 cups. Combine liquid and vegetables and bring to a boil. Add cereal gradually and boil 3 minutes, stirring constantly. Pour into greased 9 x 4 x 3-inch pan. When cold, slice and saute in small amount of fat until lightly browned. Makes 4 to 6 servings.

Note: If desired, substitute 1¼ cups chopped left-over cooked vegetables for raw vegetables in above recipe.

HIGH SCHOOL CONDUCTS OLD CLOTHES DRIVE

By Verna Moresco

OLD CLOTHES DRIVE

A drive for old clothes for the reconquered countries is being held at Jefferson. The drive started Thursday, November 17, and ends December 1.

The clothes collected in this drive will be sent to countries like France, Greece, and the Philippines.

Chairman for this drive is Dan Shannon, who urges students to bring in all the clothes they can. Chairman Shannon also pointed out that the clothes must be clean or they cannot be used.

CHASE 'EM, CATCH 'EM, SWING 'EM

"Best crowd ever," was the exclamation at the "Chase 'em, Catch 'em, Swing 'em Dance", held Friday night, November 17, at the Jefferson auditorium. There were at least 400 in attendance. Reason for such a large crowd might be that the girls had to ask the boys.

Congratulations to Virginia Nestor, chairman, and her committee for the swell job done on decorations. The committee worked steadily for two days to get the job finished. The auditorium was cleverly done in a barn dance theme; in the center of the floor was an old wagon, and the stage background featured a picture of Daisy Mae and Li'l Abner. All over the auditorium characters from Li'l Abner were featured.

The boys and girls helped the effect by wearing plaid shirts and gingham dresses.

SPEAKER

As a spur to start the Sixth War Loan drive, Jefferson had as its guest speaker, Perry Newberry, baker first class, U. S. Navy. Newberry gave many a good answer to the questions, "Why are we buying bonds? Why do we need to buy more?"

Newberry has seen plenty of action in the South Pacific and his speech was most inspiring. After hearing Newberry's speech there is no doubt that Jeff will top its quota.

ASSEMBLY

Last week a picture entitled "The Formica Story" was presented in assembly.

The film, in technicolor, gave a colorful, interesting, and detailed idea of what has been done with laminated plastics, and what useful qualities they have that will adapt them to future uses.

The film, "The Formica Story", was directed by Charles De Laska, written by Ralph Schoolman, and narrated by Ed Herlihy and Stanford Lewis.

BONDS 'N STAMPS

Jeff's quota for the Sixth War Loan drive which started, November 20, is $11,000.

As for the schools, the government stressed that three days be dedicated to bringing in bonds. These days are December 5, 6, and 7.

This quota of $11,000 will mean that each student is expected to bring in one bond.

Chairman of the Stamps and Bonds committee is Bob Olson. Faculty advisor is Miss Margaret Cornahrens.

C. S. F.

"Leave Us Face It. or Ignorance Is Bliss," was the skit presented by the C. S. F. at the assembly, Monday.

Script writers for the program were Verna Moresco, Earl Odell, and Barbara Blecher.

Participants were Jerry Kollmann, Ben Picetti, Earl Odell, and Verna Moresco.

The members of the society enjoyed their picnic, Sunday, November 19, which was held at Golden Gate park.

GIRLS' SPORTS

The Polliwogs, captained by Betty Baker, proved to be the winners of the swimming meet held, November 7. They made 27 points.

Second place was taken by the Chlorine Drips, Marjorie Crawford, captain, with 12 points, and third place the Eel Sisters, Theresa DeLeon, captain, with 8 points.

Twenty-five yard races were the feature of the day.

Junior Red Cross

After Thanksgiving, members of the **Junior Red Cross** in the elementary schools district of the district, will start work on fourteen book-trucks to be used at hospitals for servicemen. Now in the making for the comfort of the armed forces is a new quota of bed socks, housewives and game bags.

Organize Roosevelt Social Club Here

Members of the Roosevelt, Johnson, Downey club, active during the political campaign, have decided to form a social organization to be known as the Roosevelt Social club. They will give a whist party every Saturday night, 8:30 o'clock at Linhares hall, 176 Los Banos avenue.

The public is invited to attend the winter series of card parties.

ars, two dozen Van Dyke blueprint pencils, and 40 pennies were taken. Officers August Benassini and James Welsh found the desk drawers ransacked in the main office and in the drafting room upstairs. At 7:26 a. m., November 17, Officers Roy Beecher and Welsh were called in to investigate the repeat performance. This time another half dozen packages of cigarettes were gone and a set of drawing instruments. Articles were tossed helter-skelter over the office. Fingerprints were taken and officers are working on the case.

Acting Chief William Bolger has contacted the doctor in charge of the Medical department at Tanforan to enlist cooperation to have the Navy ambulance which has been speeding through Daly City at 65 and 70 miles per hour use more caution in the future. Officer Henry Sundermann jr. stopped Truett Lambert, Hospital Corps driver, November 17, for traveling at an excessive rate of speed on Mission street and also on San Jose avenue.

Leonard Gilbertson, 191 Los Banos avenue, reported to local police, November 17, that a girl and some boys had entered a shed in his backyard. They spread about 6 quarts of paint on a fence and trailer in the yard and made off with five good brushes.
